0236

## NPIC NO

12H

## COMOR NO

None

## REFERENCES

Location: 4 nm north of the Complex Support Facility

Type: IIIC

Negation Date:

Stage of Construction: Early

Date First Seen:

Construction activity consists of a very shallow, square probable silo excavation. There are 3 large rectangular buildings and possibly 3 smaller buildings located ESE of the excavation. Ground scarring, probably a road under construction, leads from the Complex Support Facility to a point just beyond the buildings.
